Kiss & Tell is the perfect Summer Anthem for those going into the warmer months

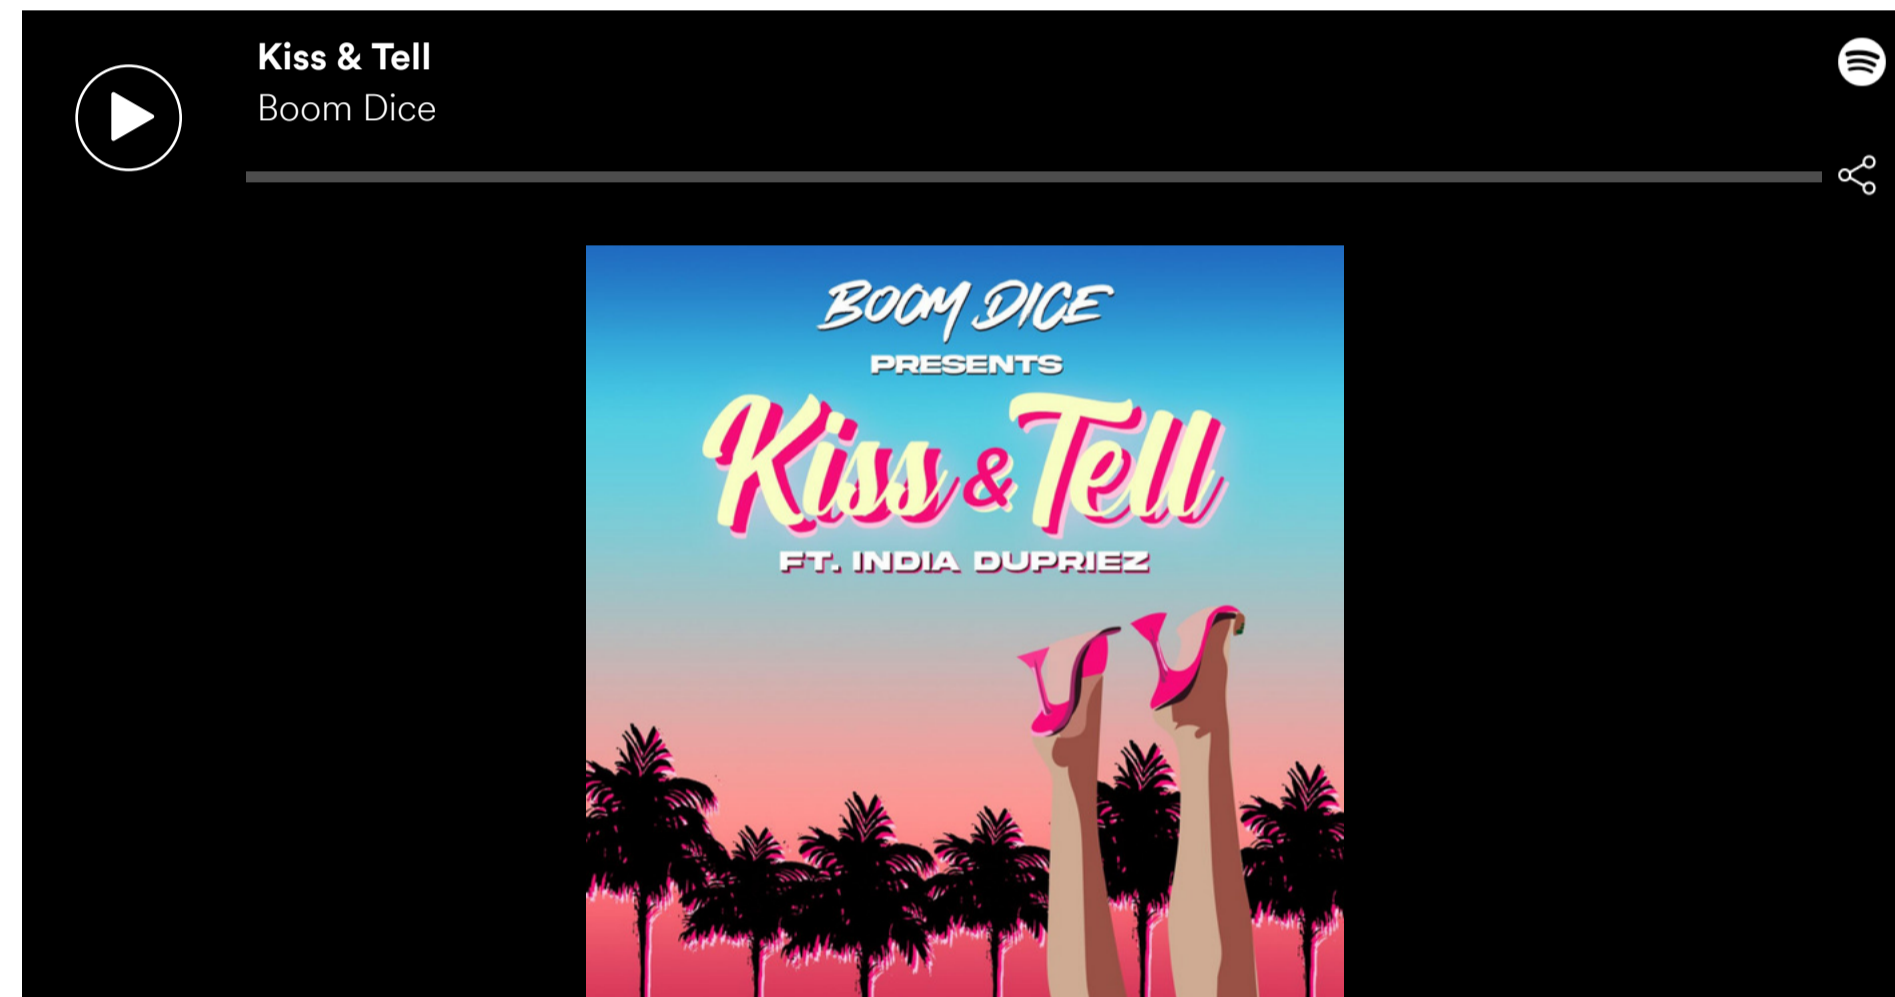

Multi-GRAMMY nominated Producer, Songwriter & Mixer **Boom Dice**, is hitting differently with his new beaming pop track 'Kiss & Tell' feat. Australian up and comer, **India Dupriez**.

Boom Dice, AKA Bryan Wilson, is on a mission to help talented new artists navigate the industry. His project '**Boom Dice Presents**' sees Bryan collaborate with artists to write, record and mix world-class tracks while mentoring on the business side - the result is a gleaming in pop track.

Following his first release, 'Ready To Go', (which hit 100k+ streams within the first month), 'Kiss & Tell's' twinkling production is expertly paired with a popping bassline and crisp, current vocal techniques to create to a sparkling soundscape.

The relatable teen party anthem came together during a late-night writing session India explained. "We were experimenting and landed on this fun upbeat song touching on a young romance and talking to your close girlfriends about it the next day." Bryan then continued "There is a simplicity to the story that everyone can relate to in your youth or not, but also useful to heed the advice at all stages because you never know who has a big mouth!"

'Kiss & Tell' has harnessed Bryan's experience working with globally acclaimed artists such as Sofi Tukker, Stormzy, Disclosure, John Newman, Wolf Alice, Lianne La Havas, Mabel and Ady Suleiman amongst many others while also capitalising on India's fresh creative ideas to create the next teen party anthem to keep on repeat.
